\*PI's are encouraged to use level 2 rates or higher

\*\*Maximum effort for GRA is 50% of base salary

GRA Level Qualifications

Academic Progression Level 1: Master's or doctoral students without experience in a graduate degree program and with less than 18 credits toward a graduate degree.

Academic Progression Level 2: Students pursuing a master’s degree or seeking a doctoral degree with at least 18 credits toward a graduate degree. This is the entry level for doctoral students with an earned master’s degree.

Academic Progression Level 3: Doctoral students who have completed all coursework, have passed all their qualifying examinations, and are in good academic standing. Exceptions must be approved by the Graduate Dean.
