Notes:
Course Requirements for Chiropractic Schools in Texas

A ‘C’ or better is required in all coursework

Parker University

Requires 90 hours of undergraduate coursework

24 of 90 hours must be life and physical sciences

Half of the coursework within the 24 hours must have a lab component

Within the 24 hours, at least one course is required in each of the following:
- Human Anatomy of Human Anatomy & Physiology
- General Chemistry

Student should take:
- Anatomy and Physiology I & II*
- General Chemistry I & II *

Remainder of 24 hours can be met by any combination of life and physical science courses

Recommended coursework includes:
- Biomechanics
- Kinesiology
- Organic Chemistry
- Physics
- Zoology
- Human Biology
- Cell Biology
- Physiology
- Microbiology

Texas Chiropractic College

Minimum of 90 semester hours with 3.0 GPA

24 of the 90 must come from life/physical sciences (general biology, anatomy, physiology, general chemistry, organic chemistry, biochemistry, physics, biomechanics, exercise physiology)

Half of the above science coursework must have a lab

Coursework in the social sciences and humanities is required

For more specific information, please contact the Office of Admission at one of the following:
- 1-800-468-6839
- 281-998-6007
- admissions@txchiro.edu

Full explanation of prerequisites:
http://www.txchiro.edu/student-services/admissions/prerequisites.html

*Due to the flexibility of requirements, it is strongly recommended that you contact a Parker Admissions Counselor to review admissions requirements**

*Highly recommended

*Program requirements may change without notice and vary with each school; you are still responsible for checking schools’ websites for admissions information. Please see your academic advisor to further explore the requirements of the school in which you are interested.*
